NEBOSH Certificate in Fire Safety

The NEBOSH Certificate in Fire Safety is aimed at managers and supervisory staff that need to ensure that their organisation meets its responsibilities under fire safety legislation. Courses leading to this qualification should equip holders to carry out a fire risk assessment and to identify what fire protective and preventative measures are required. It is therefore also suitable for people moving into fire safety adviser roles.

Entry Qualifications

No formal qualifications are required but candidates must have a reasonable standard of written English.

Course Content

The syllabus comprises two main units and a practical assessment.

FSC1 Fire safety

FSC2 Fire risk assessment

There is no longer a requirement to take NGC1/IGC1 of the NEBOSH General Certificate.

Distance/ E-learning

Hard copy study notes and coursework are provided in addition to a login to our E-learning website. Coursework can be submitted to ATM by post, email or through our e-learning website. Tutor support is available by email, telephone or post.
