NEBOSH International Diploma

This NEBOSH International Diploma has been set at the same level as the National Diploma but with the exclusion of UK legislation. It is recognised by IOSH – the Institution of Occupational Safety and Health – as fulfilling the academic requirements for Chartered Membership (CMIOSH). The Diploma is designed for health and safety professionals who require a high degree of managerial and technical competence to advise on effective management of risk across a range of different employment sectors.

Entry Qualifications

Candidates must have obtained the NEBOSH International General Certificate or an equivalent qualification before starting a Diploma programme and should have a good standard of written English.

Course Content

The syllabus comprises three core units and a workplace assignment:

Unit IA Managing health and safety Unit IB Hazardous substances/agents
Unit IC Workplace and work equipment safety Unit DNI Assignment

Course programme

The course is run by distance/e-learning with tutor support provided by phone and email. All students are provided with a file of notes and coursework, and a login to the ATM Safety e-learning website. Coursework can be completed online or submitted by post or email. Coursework marks do not count towards the overall grade for the qualification, but students must complete the coursework to ensure that they cover and understand each part of the syllabus.

Examinations

Units IA, IB & IC are assessed by written examination. The examinations are held twice a year normally in January and July. Examinations can be taken overseas through a British Council Office or local university/college.

Work-place based Assignment (Unit DNI)

The Unit DNI assignment requires a review of the arrangements for managing health and safety in a workplace in order to produce justified, proportionate recommendations to improve health and safety performance. A written report must be submitted to NEBOSH electronically for assessment.

Examinations

Exam Venue

NEBOSH allow their examinations to be taken through the British Council (BC) provided the office overseas is one that conducts exams. Countries where the British Council do not run exams include Ireland, Australia, New Zealand, USA, and Canada. In these places examinations can be arranged through local universities and colleges.

Overseas venues including the British Council normally charge a set rate for exams and a courier fee payable in local currency, this fee must be paid locally by the candidate and is not included in the fees given below.

Course Fees

The course fee is £900 excluding NEBOSH exam fees and enrolment. The course fee includes:

- printed course notes, coursework and an examiners report for units IA, IB and IC
- tutor support and access to our E-learning website for one year

The course fee does NOT include overseas venue fees i.e. fees payable to the British Council. Examinations must be taken during the learning period but can be separated over two sittings i.e. one in January and two in July or vice versa.
